

Maximal company introduction

Established in 2006, Sino-American Zhejiang Maximal Forklift Co., Ltd. is located in the Lushan Industry District. The facility is connected by #320 national highway, Hangqian highway, the Fuchun River and approximately 30 miles from Hangzhou Xiaoshan International air-port. Maximal company employs a total of 500 people. More than 150 hold college degrees or above and over 50 are R&D personnel. Maximal has earned six state technical invention patents and over 30 design patents.

The factory complex covers an area of 130,000 sq meters/ 1,300,000 sq ft with a total investment of 420,000,000 RMB / 6,365,000 USD. Maximal specializes in Material handling equipment design & manufacture. Present production capacity is 15,000 forklifts per year. This modern facility features high tech computer controlled component production, component coating line, assembly line, machine performance test area and forklift stability tilt table.

Current products consist of:

- M series 1-32T / 2200-70,000 LB capacity diesel and 1-5 T / 2200-11,000 LB capacity Gasoline/LPG forklifts.
- M series 1-5T / 2200-11,000 LB capacity 4 wheel electric forklifts.
- M series 1.3-2T / 2800-4400 LB capacity 3 wheel electric forklifts.
- M series 1-2T / 2200-4400 LB capacity stand or sit drive electric reach trucks.
- M series 1.3-1.5T / 2800-3300 LB capacity electric narrow aisle trucks and 1.2-1.5 / 2600-3300 LB capacity electric stackers.

Maximal has an equipment manufacturing license issued by the State General Administration of Quality Supervision, inspection and Quarantine of the PRC, certification for Special Equipment Type Examination and certificate for EC Type examination. The company is certified by ISO9001:2000 and ISO14001:2004 for its perfect quality control and awarded as Provincial High-Tech Enterprise, Provincial High growth, potential Enterprise, Famous Brand Export Products and Innovative Export Enterprise.

Maximal has established a long term technical business relationship with the Military Transportation University providing technical R&D for the update for Army material handling equipment. Maximal is the authorized supplier for the General Logistics Department of PLA and the General reserve department of PLA.

Maximal forklifts received local public recognition for their special appearance, high quality standards, safety and low cost of operation design. Maximal forklifts are exported to more than 100 countries worldwide and their 120 sale/service network has been established in the domestic market.

With our motto "Professional and precision creates excellence", Maximal has devoted their engineering talents creating a premium brand in China and throughout the world promoting and producing quality products and support services. Maximal is constantly pursuing the development of quality products providing a performance driven price ratio for their marketing partners. We work for Maximal and their future business.
